Dead Sea Body Care

MERSEA Anti-Celulite Cream	
Model: 2034	
Manufacturer: Mersea Dead Sea	
<p>Cellulite is an accumulation of excess fat in cells that results in fat nodules also known as orange peel skin. It occurs in 95 percent of women and often negatively affects their self-confidence and body image."</p> <p>MERSEA adds a new dimension to cellulite treatment by using Minerals from the Dead Sea, Natural oils and plant extracts. A unique combination of ingredients to help make skin appear firmer and smoother. Cinnamon oil stimulates the skin cells to help promote the removal of excess fluid. Olive oil rich in vitamins and lipids maintains the skin young and tight. Arnica and horse chestnut extracts help improve skin's firmness and streamline skin's appearance, so it looks more toned. Retinyl Palmitate stimulates skin renewal to make skin visibly firmer, smoother and more even. Dead Sea Minerals, are known for these properties.</p> <p>Instructions for use: Apply a thin layer on the necessary area and massage gently until absorbed. Immediately as the cream will start penetrating the skin there will be a feeling of warmth and the area will turn red. This means that the cream is working. For best result apply 2/3 times a week on the effected area.</p> <p>Ingredients: Water (Aqua), Caprylic / Capric Triglyceride, Isopropyl Palmitate, Cetearyl Alcohol & Peg 20 Stearate, Glycerin, Stearic Acid, Cinnamomum Cassia Leaf Oil, Calendula Officinalis Flower Extract, Propylene Glycol, Sorbitol, Olea Europaea (Olive) Oil, Petrolatum, Arnica Montana Flower Extract, Fucus Vesiculosus Extract, Aeculus Hippocastanum (Horse Chestnut) Extract, Imidazolidinyl Urea, BHT, Methylparaben, Triethanolamine, Carbomer, Ethylparaben, Maris Sal (Dead Sea Salt), Aloe Barbadensis Flower Extract, Tocopheryl Acetate, Retinyl Palmitate, Methylchloroisothiazolinone, Methylisothiazolinone</p> <p>Size: 350ml</p>

Dead Sea Nail care

Nail Care Kit	
Model: 2036	
Manufacturer: Mersea Dead Sea	
<p>MERSEA hand and nail care products are designed as an invigorating beauty treatment for your nails to prevent roughness and cracking while nourishing and protecting your hands and nails. It is formulated with natural mineral rich ingredients from the Dead Sea combined with plant extracts vitamins A, E, and Aloe Vera to give your skin youth.</p> <ul style="list-style-type: none"> - Nail File - Used to smooth away rough nail edges and shape your nails faster and easier than ever before. - Professional Buffer - Grants a beautiful gleam to your nails and stimulates the blood circulation underneath your nails which encourages healthy growth. <p>Application -</p> <ol style="list-style-type: none"> 1. Remove any nail polish from your nails. Wash your hands and dry them thoroughly. File with the Nail File first to remove and smooth away the rough nail edges. Then follow the steps on the Professional Buffer. 2. First Step - black side: Remove the lines, ridges and rough texture of your nails by buffing each nail using back and forth motion for 3-8 seconds. Once you are done buffing, your nails will be smooth. Repeat every four weeks. Second Step - white side: Buff each nail for 3-8 seconds. This will remove all remaining ridges and will stimulate blood circulation under your nails which encourages healthy and strong growth. Repeat every few weeks as necessary. Third Step - grey side: This side is made out of silk. Buff each nail for 5-10 seconds or until you reach a glossy shine. Unlike nail polish this shine won't come off. 3. Cuticle oil- Softens the skin and gently loosens the cuticle from the nail. This permits the nail to grow freely and enables you to shape a perfect nail contour. 4. Hand & Nail Cream: MERSEA hand cream & nails provides optimal skincare and protects them against dryness. This exclusive cream, rich in vitamins for your nails area, nourishes, moisturizes and softens
